TOP SECRET/SENSITIVE

Dick --

Attached is the transcript of the most recent meeting in New York. You will note that I have left out the particularly sensitive conversations. I have a separate transcript on that which will be filed separately.

ON-FILE NSC RELEASE
INSTRUCTIONS APPLY

There are several ongoing operational questions raised in the attached so I think it is worth your reading it at this time. They are self-explanatory, I believe, but let me know if you have any questions.

I see no need to bother Henry with the attached or to send the President a memorandum on this.
